

# TradMaD Camp

## Smoking Policy

The Pinewoods Camp environment is precious to us and fragile. All participants in TradMaD are expected to respect and protect that environment. Smoking is prohibited almost everywhere in camp – no smoking on camp paths, in camp buildings, or in the woods.

Smoking of any kind and vaping are permitted in only two places in camp: at the tree stumps across the lawn from the Dining Hall and (this is new) in the area above the parking lot going towards Bampton-in-the-bush and Sleights. Ashes must be deposited in the butt-cans at these locations. Smoking is no longer permitted at the Bookstore-end of the cement wall above the Camphouse.

Note the high danger of fire in our area. We expect that all TradMaD staff and campers will follow this policy.

Due to past issues and the danger of fire, any camper found in violation of this policy in the first instance, will be asked to leave camp, and will forfeit any payment made or due. Please acknowledge that you will adhere to this policy by signing in the space below.

I agree to the TradMaD Smoking Policy
